

# Edible Dirt Cakes

## Ingredients:

- 20-ounce package chocolate sandwich cookie (like Oreos)
- 8-ounce package low-fat cream cheese
- 1 ½ stick butter (~ ¾ cup)
- 1 cup powdered sugar
- 2 packages vanilla instant pudding (6-serving size)
- 3 ½ cups milk
- 12-ounce container frozen dairy whipped topping
- New (unused) flower pot

*\*Note: Some of these ingredients are packaged in a Jell-O Product, used for a ready-made cheesecake.*

Directions for making Dirt Cakes: Crush the cookies in a food processor. Cream together the cheese, butter and sugar. Mix the pudding, using the 3 ½ cups milk. Fold together the cream cheese mix, pudding and whipped topping. Alternate layers of cookies and pudding mixture into a new flower pot (unused), ending with the cookies on top. Lay some gummy worms across the dirt, or insert a silk or plastic flower. Serve to students with a plastic sand pail shovel or clean garden trowel.
